## Methodist Episcopal Church

Edward R. Kelley, Pastor.

The meetings began last Sunday. Dr. English brought us a most and timely and thoughtful message Sunday morning. In the evening the pastor preached to a large and interested congregation.]

There will be services each evening at 7:00, and each afternoon except Monday and Saturday, at 2:30.

The singer has been kept back owing to the expected death of his wife's mother, but we are expecting him later.

## Baptist Church Notes

E. M. Conway, Pastor.

Sunday showed quite an increase in attendance in all departments. There was a fine crowd at Sunday school and splendid interest in the lesson.

The B. Y. P. U. gave a good program and the pastor desires to express his regrets at being too late to enjoy this. We will try not to repeat that "stunt" again, Juniors. Miss Josephine Mustapha leads next Sunday evening. Let's make this one of our very best.

Mid-week prayer meeting was discontinued during the period of the meeting at the Methodist church. We hope for the very best success in the meeting of our sister church.

## Woman's Missionary Meeting

On Tuesday afternoon of last week the Woman's Foreign Missionary Society met at the home of Mrs. Ella B. Standly with Mesdames L. F. Moore, Lee Wilson, Ellen Barton, Hattie Moffet and Mary Welsh as assistant hostesses.

The president, Mrs. Bigger, presided over the business session.

Mrs. F. W. Burke was the leader of the study and gave a splendid lesson on "Essentials of Ambassadorship."

This being the quarterly social meeting, Miss Edith Hamilton had arranged the following excellent musical program:

Solo: "Ave Maria" by Mrs. Flo Shell; Instrumental Duet: Overture from Norma by Misses Margaret Kelley and Gretna Spokesfield.

There was a large attendance. Guests of the afternoon were Mrs. McGrew of Emporia, Kansas, Mrs. W. C. Whitehouse of King City, and Mrs. Violet Hooker of Browning.

During the social hour delicious refreshments were served.

The April meeting will be held at the home of Mrs. Harry Landree.

## Which Do You Want?

It isn't the number of chicks you hatch that counts, but it is the number you raise. Every time you lose a baby chick you lose 50c.

Most of the loss of baby chicks, most bowel trouble, most of the weak chicks and the deaths which follow can be traced to the use of the wrong kind of feed at the start. Start your chicks right and the rest is easy. The first four to eight weeks is the most critical time in the life of any chick. If you can get them started off right you can eliminate over 90 per cent of your trouble, loss, and expense.

If your chicks have a tendency to White Diarrhea, if they are weak from poor incubation, from mistakes in brooding, or from lack of vitality in your breeding stock, Quisenberry's Buttermilk Starting Food will bring them right out of the kinks. We guarantee that there is no feed on the market, regardless of make or price, that will give better results than the Quisenberry Starting Food. Your chicks will grow faster and huskier, and you can produce 1 1/2 to 2-pound broilers on this feed quicker than any other.

If you can't use 100 lbs., call at **LACLEDE FARMERS EXCHANGE** and try a small sack. You will like it. So will your chicks.

The man who complains of being constantly cheated is sure to be playing some kind of a cheating game himself.
